

WORDY WAR IN THE COURT

Legal Stars Have Difficulty
In Licking Co.

In Settling Trouble Between
Two Women

The Court Finally Finds One
Guilty

And Gives The Other A
Blistering

Other Items Of Interest From
Temple Of Justice

Ex-Prosecutor James R. Fitzgibbon and Prosecutor-elect J. W. Horner engaged in a somewhat noisy case in probate court Friday morning, says the Newark American Tribune. It is the ravellings of the week-end of the criminal docket, and the case of Ohio versus Susan Edley was for hearing. The complaining witness was Mary Rabousky. Both are Hungarian women of the east side and the testimony was that they had said sassy things to each other and each had the ability to say them in their native tongue and also in an English patois. If they were as free with the flow of language in the garden in the east side the morning it was alleged the difficulty occurred as they were in the court the encounter was more confusing than edifying. The complainant was a sister of the husband of the accused, and the volubility of the witnesses on the stand gave little chance to the interpreter, Andy Peretsky, to advise the court just what had been said bearing on the case. Both of the great legal luminaries were at a disadvantage also. The evidence came so fast and in such unfiled shape that each attorney felt that he had missed a number of opportunities to raise objections.

The court was equally at a loss to tell where he was "at," but sized it up as a neighborhood quarrel in which it had been partly a game of give and take in proportion of 100 give and 1 take. He found Mrs. Edley guilty and gave her one of those celebrated heart-to-heart slams. He then called Mrs. Rabousky up to the rail of reflection, and though the term is not known to the statute he "burned" her. Mrs. Rabousky was told pretty plainly, the next time to go on with her bean picking and not abuse her neighbors; that he had found Mrs. Edley guilty, but did not pass out the rigors of the law as he felt that Mrs. Rabousky had contributed, in no small measure, to the difficulty. She was warned not to get into court again.

Executor Appointed

Michael Sullivan has been appointed executor of Catherine Sullivan, giving bond in the sum of \$500, with J. L. Brining and B. R. Parker as sureties. No appraisalment.

Marriage License

George James Gueulette, glass worker, and Anna Louise Martin, both of Mt. Vernon. Rev. O. E. Ford.

Deed Filed

Minnie L. Rowland to George Park-er, 1-2 acre in Milford, \$200.

FRACTURED RIBS

Mr. Frederick Coup, who resides near Yellowbay, fractured two ribs Friday, while putting seed corn into the mow.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Catarrh cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 76c. Take Hall's Family Pills for constipation.

SHIELD

Publishes A Special Addition
Entitled "Mansfield In 1914"

A special edition was published by the Mansfield Shield this week entitled, "Mansfield in 1914." The edition consisted of 32 pages and contained excellent reading matter concerning Mansfield's industries and the steady progress in the growth of that thriving city. The special edition is in keeping with the progressiveness of the Shield.

TEST

Made Of The "Bricquette"
Machine

At The Cooper Works On
Friday

The first long test of the "Bricquette" machine, the invention of Mr. O. C. Duryea of Chicago, was made at the C. & G. Cooper Works Friday, when it was put in constant operation from 12 o'clock noon until midnight. The machine ran perfectly and there was not a single hitch, much to the gratification of Mr. M. P. Jacomini, who is Duryea's partner.

The machine has been sold to a Chicago firm and will be shipped shortly. The manufacture of these machines for the market will be taken up shortly. While no definite contracts have been signed, it is understood that in all probability, the Cooper Co. will manufacture them.

A new venture will be started the first of next year by Mr. Duryea, when the manufacture of a machine, built on the same principle as the "Bricquette" will be started. This machine, instead of putting cast iron shavings into suitable shape for re-melting, will attempt the same thing with saw-dust. It is hoped, thereby, to obtain wood alcohol and by-products.

CASH PAYMENT

Of Assessments For City Im-
provements May Be Made

City Solicitor Harry W. Koons made the following statement to The Banner Saturday morning:

"Property owners along the line of street improvements are frequently inquiring about their rights to pay their assessments in cash. It seems to us that a published word of advice on this subject would be of interest."

"We have several improvements which have reached the stage where council will shortly pass the assessing ordinances. The law provides that any property owner who wishes may pay all of his assessment in cash within thirty days after the passage of the assessing ordinance. Any owner who wishes to pay his assessment in cash and save the interest on the assessments for a considerable period of years should watch council's proceedings for these ordinances. Cash payments are to be made to the city treasurer, Mr. Will P. Welshmer."

Michael Sullivan has been appointed executor of Catherine Sullivan, giving bond in the sum of \$500, with J. L. Brining and B. R. Parker as sureties. No appraisalment.

George James Gueulette, glass worker, and Anna Louise Martin, both of Mt. Vernon. Rev. O. E. Ford.

SCHOOL NOTES

After the chapel program was carried out Monday morning, Cheer Leader Faye Strang led the school in the cheering for the football team. Mr. Doherty then made a statement pertaining to the game with Delaware on Thanksgiving Day and urged as many as possible to come. Agnes Ahrendt and Walter Wood played the opening march.

The high school orchestra had its first practice Wednesday afternoon at the close of school. Eight musicians, representing different instruments, were present. Altogether, there are eleven pieces in the orchestra and in a few months should work up to one of the best high school orchestras in the state. Mr. Chubb is training it with Francis King as leader. The students are waiting, expectantly, for its appearance in chapel on some Monday morning in the near future.

With the debating squad working hard in preparation for the preliminaries, all will be in readiness by December 14th, the date set for the trial debate. A debate meeting is to be held two or three times a week, at which the question is discussed from different angles, thereby giving the candidates a chance to view it from many sides. Mr. Sanders and Mr. Rimer are both present at these meetings, conducting them in fact, and they give all the help possible to the candidates. From the present state of things it is thought that places on the two teams will be very hotly contested for.

Friday evening, December 4th, a penny social will be given at the Fifth ward building on North Mulberry street. Booths will be placed at intervals in different parts of the building at which candy, pop-corn, etc., will be sold. A hearty welcome will be extended to all wishing a very enjoyable evening.

Mr. Harold Seymour, a member of the class of 1914, was a visitor at the chapel exercises Monday morning, and also attended a few classes after chapel. Mr. Seymour is a student at the Oberlin Business college.

An open meeting of the Mothers' club of the Second ward will be held at that building on December 4th. The public is invited to attend this meeting which begins promptly at 3:30 Friday afternoon.

The high school football team of this city closed its season here Thanksgiving afternoon by a victory over the high school team from Delaware. This was one of the most successful seasons that a high school team representing this city has had for many years. In taking a review of the season, it will be seen that, excluding the alumni game, ten scheduled games were played. Out of these ten, the high school team lost three, and these three were at the first of the season before the team had worked up a dangerous offense or a very formidable defense. In the ten games played, the locals ran up 176 points to their opponents' 48, thus having scored nearly six times more points than their opponents. The scores, game for game, were as follows:

Mt. Vernon, 13	Utica, 0
Mt. Vernon, 0	West, 20
Mt. Vernon, 0	Mansfield, 6
Mt. Vernon, 30	Newark, 0
Mt. Vernon, 39	Millersburg, 0
Mt. Vernon, 32	Aquinas, 0
Mt. Vernon, 19	Kenyon 2nds, 0
Mt. Vernon, 27	Coshocton, 0
Mt. Vernon, 6	Doane Academy, 19
Mt. Vernon, 10	Delaware, 3
Total, 176	Total, 48

OFFICERS ELECTED

Pleasant Grange No. 677 elected the following officers for ensuing year at the meeting held Friday evening: Worthy Master—C. V. Purdy. Overseer—Forest Eley. Lecturer—John Cunningham. Steward—Almond Wolf. Assistant Steward—Ross Wolf. Chaplain—Dr. T. E. Eley. Secretary—Grove Purdy. Gate Keeper—W. N. Garperter. Treasurer—D. B. Kerr. Pomona—Mrs. Dr. Eley. Ceres—Mrs. Emma Purdy. Flora—Mrs. Laura Wolf. Pianist—Mrs. Fannie Wolf. Chorister—Almond Wolf.

Barley water is a safe and cooling drink and is nutritious as well. Put into a pitcher one large tablespoonful of well washed pearl barley, pour over it two quarts of boiling water, cover and let stand until cold. Drain off the liquid, add one-half cupful of sugar and a little nutmeg. If liked the juice of a lemon is a pleasant addition.

Know the Exact Amount. De Laque—If I could get some one to invest \$1,000 in that scheme of mine I could make some money. Dawson—How much could you make? De Laque—Why, \$1,000—Baltimore Sun

ARREST

Of A Colored Boy In City Of
Cleveland

Wanted Here For Defrauding
An Inn-Keeper

Roy Carter, colored, of Cleveland was brought to Mt. Vernon Saturday morning by Chief of Police Parker and placed in the city lock-up to await arraignment on a charge of defrauding an inn-keeper, preferred against him by A. M. Butler of this city, who operates a hotel near the B. & O. station.

Carter formerly lived here, but has been working at the Erie Bowling Alley in Cleveland. It seems that he contracted a bill of about \$8 with Butler during the month of January, 1914. Butler claims this was never paid.

Carter's whereabouts were made known to the chief by Ben Carter, a brother, who lives here. The chief telegraphed Cleveland authorities, who arrested him at 7 o'clock Friday evening. Chief Parker went to Cleveland on the midnight train Friday and returned with Carter Saturday noon.

YOUNG GIRLS

Found Working In This City
Sent Back Home

One Lived In West Virginia,
The Other In Pennsylvania

Two young girls were found working in this city a day or so ago by Juvenile Officer Purcell and Friday they were sent back to their homes—one in Dent's Run, Pa., and the other to Long Reach, W. Va. The West Virginia girl was 15 years of age and the other girl 16.

The girl from West Virginia appeared at a local hotel a day or so ago and asked for employment. On account of her age, Juvenile Officer Purcell was notified and an investigation revealed the fact that the girl had run away from home, claiming that her step-mother was cruel to her. Mr. Purcell communicated with the girl's father and on Friday night he arrived in the city and took his daughter home Saturday morning.

The other girl was found at the home of a family in South Vernon. On Friday afternoon she was taken to the Pennsylvania station by Juvenile Officer Purcell where she purchased a ticket for her home and promised that she would return to her parents.

NOTICE TO PATRONS OF MT. VERNON TELEPHONE CO.

The United States revenue tax, effective December 1, 1914, requires every telephone company to collect from the person paying for each telephone toll message, amounting to fifteen cents or more, a tax of One Cent, in addition to the regular charge.

Operators and employees are required to carry into effect the provisions of this law.

The special attention of patrons of coin collector pay stations is directed to the law, in order that they may have the necessary change ready.

The following is a copy of a letter from the treasury department at Washington, D. C.:

Office of Commissioner of Internal Revenue Treasury Dept., Washington, D. C. November, 19, 1914.

On and after December 1, 1914, under the provisions of the so-called emergency revenue law, passed by congress and approved October 22, 1914, each message or conversation transmitted over any telephone for which a charge of fifteen cents or more is imposed, is subject to a tax of one cent.

The law requires the telephone company to collect this tax from the person paying for such message or conversation, in addition to the regular charge therefor.

COMMUNICATION

MILLERS' RELIEF MOVEMENT

A Practical, Business-Like, Economic Method of Sending Food Supplies to the Destitute Non-Combatants

Mt. Vernon, O., Nov. 27.

Editor Banner—We have received numerous requests for information regarding the above Relief Movement.

This movement was started on September 15th by Mr. William C. Edgar, editor of the most prominent milling journal of the world, The Northwestern Miller, published in Minneapolis.

Arrangements have been completed to carry 50,000 barrels of flour to the destitute in Belgium. The flour is being given by the mills of the United States and Canada, in the shape of donations by the mills themselves and by selling the flour at cost to all citizens or organizations or anyone wishing to donate.

The American Ambassador in London, Mr. Page, has secured permission of the British, Dutch and German governments to send the flour through the lines to the American Minister, Brand Whitlock, in Brussels, for distribution to the destitute. Mr. William C. Edgar will accompany the flour in person through to Brussels and will deliver it to Brand Whitlock.

The accepted proposal covering the ocean freight on the 50,000 barrels amounts to \$41,650, which is an exceedingly generous contract on the part of the steamship company. This amount was promptly raised, and the ocean freight problem taken care of. The above contract also covers free storage and lighterage.

Within the amazingly short time of forty-eight hours, Mr. W. L. Martin, vice-president of the Soo Line, secured from every railroad in the United States assurances that they would carry flour for the millers Belgian relief movement from any mill wherever situated to Philadelphia absolutely free of charge. The telegraph companies have also agreed to transmit all messages and cables for this movement free of cost, and have even antedated the order so as to cover all messages from the time the movement started.

The flour is to be shipped in special heavy cotton bags containing forty-nine pounds. Anyone wishing to do

ate, can purchase flour from us at the cost price of \$5.00 per barrel. No donations will be accepted for less than one forty-nine pound sack.

The ship will sail from Philadelphia sometime in December. We will receive instructions from Minneapolis when to ship the flour from the mill. We will donate fifty barrels, and trust that enough more will be donated by our generous citizens to make the shipment from Mt. Vernon at least a car load of two hundred barrels.

Society News

Entertained With Auction

Honoring her guest, Miss Elise Lilley of Columbus, Miss Gertrude Lytle entertained Friday evening at her home on North Main street with four tables of auction. Prizes were won by Miss Harriet Wolverton and Mr. Ralph Morton.

Homestead Club Entertains

The Homestead club entertained at quarters on North Main street with a dance Friday evening. Forty couples were in attendance. Music was furnished by the Bricker orchestra.

Out-of-town guests were Mr. and Mrs. Howard Middleton Rogers of Crosswicks, N. J., and Mr. and Mrs. Glaser of Cleveland.

Entertained With A Dance

On Wednesday evening, the Fraternal Order of Eagles held the first of a series of dances in the K. of P. armory. There were 70 couples in attendance and four hours of dancing was enjoyed by all. Punch was served between dances. The music for the occasion was furnished by Bricker's 6-piece orchestra. The Eagles will hold the second of the series in the near future.

Mr. and Mrs. William H. White of North Main street entertained Thursday with a Thanksgiving dinner in honor of their uncles and aunts. Twenty were seated at the table.

A WORKMAN IS KILLED EACH WORKING DAY

Interesting data as to the number of accidents which occur in the ranks of workmen in Ohio, is shown in the annual report of the state industrial commission, which has just been made public. The report shows, among the many other interesting matters, that on an average of one workman was killed on every working day of the year. The average number of workmen injured was 167 a day. This is the first time accurate figures on the number of accidents, fatal and otherwise, have ever been published in Ohio.

During the fiscal year ending November 15, there were reported a total of 50,217 accidents and 306 deaths, making the total number of cases reported to the industrial commission under the workmen's compensation act, 50,523. Since the establishment of the fund in March, 1913, a total of 64,662 injuries and deaths have been

reported, and of this number 54,320 have been acted upon, leaving 10,342 still on the dockets. These are being disposed of at the rate of about 200 a day.

There are four times as many cases pending on the docket today as there were one year ago, but a year ago employers were not compelled to take out state insurance.

Of the thousands of men in public employment only 13 were killed and 640 injured. Of this number 356 cases have been disposed of, leaving 297 cases still on the docket.

Besides the number of employees who were under state protection, 8,688 employees of concerns not carrying state insurance were injured. Most of these cases have been settled. As a result of the first year's work, the state industrial commission has laid up a large surplus, which is being invested in municipal bonds throughout the state.
